Our Chant

1949

Hamilton High School is pointed out with pride to people visiting our city, not because it is a modern building with all the latest gadgets, but because of what it stands for. Consider for example the hosts of graduates who have passed through its portals and have become successful; the honors which its students have won in athletics, scholarship, speech, and citizenship. Our school symbolizes what we, ourselves, believe in and hope for. To understand this institution is to understand America.

What is a School?

A school like Hamilton High School is
a building devoted to education . . .

Our School Is modern equipment . . . 6500 books

The White Hussars, that are shown in one of the above pictures are a fine example of the educational entertainment which our school provides for the enjoyment of its students.

The newest equipment and the finest books are always accessible. The experiences gained by actual experimenting with modern equipment supplements the reading value.

With the good instruction and numerous classes in homemaking that our school offers for girls—nursing, nutrition, and sewing are no problem.

. . 45 classrooms . . 5 laboratories . . 4 shops

But more than these

OUR SCHOOL IS PEOPLE

Our school is people. Just a common crowd to outsiders, but to us students people who are a symbol of our school spirit and sportsmanship, who are individuals, each with his own talents, who are eager to learn, to work, to cooperate. Such people make our school

Our School Is

At Hamilton High the program of studies is made for the benefit of all, no matter to what vocation they are looking forward. To the student who plans a business career, to the girl who is interested only in homemaking, to the boy who will go to work in the industry, or to those who aspire to the professions and so will enter college—yes, to each and every one our school offers an opportunity to prepare for his life work

Teachers and Pupils working together in

CLASSES

Our School Is

made up of pupils and teachers who spend time and effort on these extra jobs. No task is too large or too small for our students; they express their school spirit readily.

Found! A flask of deadly gas! What steps should be taken if the gas escapes?—Why—long ones natch! Oh Chemistry, charmed with that foul-looking catastrophe of tubes, compounds, flasks, and elements. There's nothing more tantalizing than to mix a pinch of 23Q zinc to 'scrooped marbles, a squirt of H_2O and a huge gob of spinebrittling sulphuric acid and for flavor, just a dash of strychnin—Result, you burnt a hole in your arm. Details!!!

Our classes are

Dissect dem worms, brudder—Sash dem bugs to bits. You frown on doing this stuff—that is unless you're the type that likes to take a rusty blade in your hand and carve up a juicy victim (Sturgeons of course!) Oh yes, don't forget the fifty foot pie of notes—notes—and yeah!—more notes. And dem ever ~~year~~? but ye wish dey was dead!) workbooks! O—Eaah joy of living—(PLUG

Those trip keys, margin releases, the round keys, and space levers that our typing students fight with every day are giving those students something that will be of infinite value to them after they graduate, whether they go to college or not, for they are not only learning to type letters, but they are also learning to read and to think, and what is more, they are having fun doing it.

BOARD OF EDUCATION

No small role in our school system is filled by our Board of Education which sees that we have adequate classrooms, books, heat, light, good lunches and a hundred other things which we enjoy every day but fail to think who provides them. Yes, for these we must thank those five citizens who give of their time and effort

so willingly to furnish for us better educational facilities.

Hats off and our everlasting gratitude and appreciation to Mr. Calvin Skillman, Mrs. Mildred Henes, Mr. Edwin L. Brendel, Mr. Roland Crecraft and Mr. Charles W. Hays.

Our School Is

Our school is full of kids; good, short, tall, fat, skinny, funny, pretty, nice; all kinds of kids. Kids who boost our teams, join our clubs, offer their talents—these are Hamilton High kids. Kids who make the grade—kids who flunk and try again; we typical American kids in bobby sox, sweaters and skirts, argyles, and bubble gum—keep our parents young. H.H.S. kids typify all the principles of Hamilton High's unwritten constitution (to be a champ!)

Meeting all kinds of

OUR JUNIORS

JUNIOR OFFICERS: Standing: Phyllis Stoll, program chairman; Bob Tompkins, vice-president; Don Johnson, treasurer. Sitting: George Janetos, president; Betty Jarvis, secretary.

C L A S S O F 1 9 5 0

Meet the class of 1950. We started our school year off with a bang by electing as our junior president, George Janetos, and vice-president, Bob Tompkins. Our other officers were Betty Jarvis, Don Johnson, and Phyllis Stoll. Then there were our really great junior cheerleaders Ardath Stivers, Al Robison, Nancy Prall, and Mark Witt. We took great pride in having many of our fellow classmen on the Big Blue teams to help speed them to victory—state champs? Remember our dance, Lake Placid Serenade? We all were quite busy for a few days making decorations and selling tickets but it was a success and well worth our great effort. "Don't forget the Junior Prom in April" were the words of many

a junior and even a few of those lucky sophomores and seniors who got to go.

We're glad we're not seniors 'cause we'd be leaving dear old HHS this year but we're happier that we're not sophomores 'cause they're so green. We have the great distinction of being the happy mediums . . . juniors of HHS.

JUNIOR COUNCIL MEMBERS: Annette Baxter, Leta Brashear, Willa Caskey, Patricia Galloway, Betty Jarvis, Virginia Gast, Thomas Henderson, Ardath Stivers, Tony Massarelli, Tom Rentschler, Betty Tendam, Mark Witt, Sally Sohngen.

JUNIOR ADVISERS: Miss Vera Zepfel, Miss Madge Shaper, Mr. Winston Metcalfe, Mrs. Mary Dadosky.

Our Sophomores

SOPHOMORE OFFICERS: Left to right: Melvin Baker, president; Nevada Shell, vice-president; Faye Metcalfe, secretary; Frances Craig, treasurer.

C L A S S O F 1 9 5 1

Oh— isn't it great to be a sophomore? You must be! You get to go to school with a whole lot of peace, quiet, and freedom from U. S. History. It must be an easy life with no homework (well hardly), all those parties (?), and the pick of all the men! Being a "little green sophie" is the envy of every senior and junior at our fair school. It has so many advantages. I think they never have to be on time to class. They can wander around the halls most. They can oh— why am I fooling myself? we're in HHS—not Utopia. But where ever you are if you are a sophomore with two more years of this wonderful school to look forward to, you are sure to must be a wonderful feeling."

Our School Is

The organizations shown on the following pages give opportunity to each Hamilton High student. The numerous clubs, with their varied activities, offer to those interested experiences of valuable use in later life

ACTIVITIES

Student Council

The Student Council is the back-bone of the whole school, and through this organization various school activities function. It is a representative body which consists of one member from each homeroom.

Projects undertaken by the Student Council this year, include the sale of saving stamps and bonds, the White Gift Christmas Program, the sale of activity tickets, the yearbook collections, and the sale and distribution of student pictures. Student Council with the help of the Boosters' Association, sponsored the Homecoming Ceremony and the Homecoming Dance.

At one of the meetings the members were privileged to hear a member of the Speakers' Bureau of Miami University.

Standing: Walter Powell, major; Faye Gerhardt, vice-president, Mary Kay Donatiello, scribe; Marie Boggs, major
Sitting: Joan Kinnear, president; Ruth Woodl, secretary-treasurer

National Honor Society

Sitting: Patty Mackie, Bernie Griesinger, Virginia Janson, Marie Boggs, Janet Lienseder, Sally Trowbridge, Barbara Hays, Barbara Petricoff, Faye Gerhardt, Charlotte Sutphen

During the school year 1948-49 the Honor Society has been active in conducting worthwhile projects and in planning interesting meetings for its members

As a Christmas project, the Honor Society gave a basket to a needy family and sent toys and games for children to the Salvation Army

In January a book drive was conducted and approximately 630 books were collected. These books were sent to Piney Woods School in Mississippi, a school where they are much needed.

The annual Honor Society banquet was held on March 22. The speaker for the occasion was Benjamin Hibster from Norwood, Ohio. The banquet was held shortly after the new members were inducted into the club and was an enjoyable evening for everyone.

The officers of the club are Patty Mackie, President; Bernie Griesinger, Vice-President; Virginia Janson, Secretary; Marie Boggs, Treasurer; Janet Leihenseder, Program Chairman; and Sally Trowbridge, Scribe. The advisers are Miss Marjorie Grafft, Miss Mary McCabe, Mr. Crist Geckler, and Mr. Charles Brennan.

Senior Guidance

Top row: Jim Vogel, Jewel Wells, Phyllis Brinkman, Lillian Buehling, Dan Newton

Second row: Mrs. Pierson, Mr. Judd, Mrs. Schwab, Mr. Geckler, Miss Shaper, Mr. Rosendale

First row: Cecile Jendrek, Susan Kiehborth, Catherine Gillespie, Mabel Woods, Geraldine Smith

Each year a group of senior students and their advisers plan together a program to help the seniors with their problems. Senior Guidance is given in a series of discussions, lectures, and movies throughout the year.

This year Mrs. Dorothy Pierson started the program with a panel discussion in the gymnasium on the subject of 'College and Other Training'.

In February we had a movie on 'Good Citizenship'. Miss Marge Shaper cooperated with the seniors on this subject.

In March there was a registration room

discussion on 'Good Manners' under the supervision of Mr. Ralph Rosendale.

Mr. Christ Geckler's project dealt with the topic of 'Boy and Girl Relationship,' referring to marriage and courtship in a registration room discussion. This was also in March.

Two projects came in April. The first was the annual Vocation Day when senior, junior and sophomore guidance committees worked together to present a program on varied occupations. In the latter part of April speakers talked to the seniors on 'Job Applications'. Mrs. Mabel Schwab was the adviser for this portion of the 'Guidance Program'.

Dean's Council

Standing: Charlotte Sutphen, Betty Bivins, Electa Mainous, Barbara Petricoff, Susan Kiehborth, Barbara McMahan, Mary Kay Donatiello
Sitting: Miss Griesmer

The Dean's Council was reorganized this year at Hamilton High School to discuss with the dean of girls the problems of the school, especially those pertaining to girls, and to advise the dean of girls of the student viewpoints. At the meetings, which occur once a month, the student members with their sponsor discuss freely anything which they feel needs some thought, attention or action. These may be guidance methods and materials, elections, student affairs, the participation of students in extracurricular activities or the stimulation of interest in better assembly programs.

For this council the seniors nominate candidates from each registration room. From

this list the dean of girls selects seven girls who represent as nearly as possible all of the girls in the senior class. From their contacts they are able to know the wishes and ideas of all senior girls. As seniors they have the experience of their first two years to help them see and attack their problems.

This year the council has purchased a new sewing kit in the emergency room and additional mirrors for the girls' washrooms.

The council is composed of Betty Bivens, Mary Kay Donatiello, Susan Kiehborth, Electa Mainous, Barbara McMahan, Barbara Petricoff, Charlotte Sutphen and Helen B. Griesmer, advisor.

Safety Council

Hamilton High School can indeed be very proud of its hard working Safety Council. This council is composed of sophomore, junior, and senior students and four teacher advisers. Throughout this school year many worthwhile projects and interesting assemblies have been presented for the school through the Safety Council. Among these projects are the "Green Pennant program; the electric sign on the box office during Christmas holidays; and school-wide Safety Day.

The council is always hard at work with monthly inspectors looking for and correcting hazards around Hamilton High.

Driver's Education

"Honk! Honk!" It's a goosel! No it's just the drivers training car of H. H. S. with one of those meek little drivers education students behind the wheel. (Amplly assisted by Mr. Herbert C. Cummins, we might add.)

From the very beginning these determined students learn the fundamentals of good driving, along with other important facts; such as, every car should have four wheels, and never go out on an empty gas tank. (They just won't listen though!) Two days a week are spent pounding such rules and regulations into their brilliant (?) minds.

Then comes the third and all important day for road work. (Believe me that's what it is). Once a week each student gets behind the wheel of the Big Blue Dodge and drives merrily (?) on his way toward a driver's license. When they return to school, shaking and white with fear, you sometimes wonder—is it worth it?

Any "Drivers Education stude" will tell you though—it really is.

The Hi-Y groups, sponsored by the Y. W. C. A., have long been an inspiration to the young women of Hamilton High School

The organization also known as Y-Teens is open to all girls at H. H. S. who care to join

The Y-Teens sponsor many worthwhile projects each year such as Hi-Y conference,

Parade of States, and joint projects with the Boys' Hi-Y

Each year the separate classes have their own club dances and the joint groups have an annual Maggie and Jiggs Dance to which all the girls look forward

The Y-Teens is an organization to benefit the young women of Hamilton High

Boys' Hi-Y

The big events of the Boys' Hi-Y this year were the Hi-Y Conference and Camp Co-Ed both of which were joint projects with the Girls' Hi-Y. The former was the largest ever having an attendance of 225 members

Two social events were the Cranberry Ball at Thanksgiving time with Whitey Howard's orchestra and the New Year's Eve dance with music by Freddie Price. The reunion on December 28 brought together former and present members. A very amusing event was the Donkey Basketball game in the spring

Our Chant

ART STAFF

If any one of you had taken a trip through Mr. Loar's sixth period classroom and had seen the mass of disorder, previous to the actual printing of this edition, you would have wondered how it was possible to even get the first five pages of this annual finished in time to meet the deadline.

Seriously though, we've had great fun in putting Our Chant together for you. It is the story of your year at H. H. S., and we've presented it to you the best our knowledge and ability permitted.

LITERARY STAFF

Contributors to the literary part of the Chant include representatives from senior registration rooms who were responsible for senior write-ups and members from the various organizations and athletic groups who furnished articles on the activities of the school.

REVIEW BUSINESS STAFF

Students who are interested may serve on the business staff of the Review and the Yearbook. Their principal duties are obtaining advertising for both publications, arranging the layout, making the collections and distributing the publications. Continued interest and superior effort lead to membership in Quill and Scroll, and international journalism fraternity.

Standing: Sheldon Levine, Betty Strain, Carol Slade, Donno Stern, Catherine Schmidt, Phyllis Stoll, Betty Stiehl, Don Shiflet, Mr. Ickes.
Sitting: Faye Smith, Barbara Petricoff, Nancy Prall, Ruth Nancy Thorpe, Marie Stokes, Marilyn Schwartz.

Photography Club

When Mr. Valentine began his class in photography this year, he started from scratch with nothing more than a group of students who knew literally nothing about photography.

However, they did know that they were interested and willing to learn. That was our class before we pitched in and produced some really super amateur photographers.

Quill and Scroll

Quill and Scroll is an international honorary society for high school journalists and consists of over thirty-five hundred chapters. The first chapter was organized in 1926 for the purpose of encouraging and rewarding individual achievement in journalism and allied fields. The Hamilton High School has 20 members. To be a member a student must be at least a junior, must have worked on the Weekly Review Staff for at least two years and must have written a minimum of 100 column inches or have solicited and obtained a minimum of 100 column inches of advertisements.

Weekly Review

The literary staff of The Weekly Review is made up of approximately twenty-five students. Meeting during the sixth period each school day, it is the duty of this group to gather and edit the news of school activities of all types, and to plan and lay out the four pages which comprise this publication.

This year the Red Cross Council collected money for three financial drives, made Washington and St. Patrick's Day tray favors for the Dayton Veteran's Hospital, collected fruit for the hospital, and provided a "School Chest" to be sent to Europe. Money for the Junior Red Cross, for the T. B. fund, and for the "Mile of Dimes" was collected in each registration room by the Council representatives. The favors were center pieces and tray pieces to add cheer on special days at the Dayton hospital. The fruit was collected at a sophomore assembly and sent to the hospital ward patients for a Thanksgiving treat. The chest included pens, pencils, paper, athletic supplies, books, first aid equipment, and

many other items useful to school children. The chest contained about one hundred fifty dollars' worth of equipment. Many other school departments helped the council in collecting these supplies.

The Councils' officers were Juanita Ward, President; Janet Leihenseder, Vice-president, Dave Belew, Secretary, and Dick Lotz, Treasurer. The executive council, which met with the officers to make plans for the group, included Don Brune and Ann Estil, seniors; Mary Craft and Janet Barger, juniors; and Janet Morris and Margie Young, sophomores. Advisers for the Council were Mrs. Edith Munneke and Miss Mina Dowty. Meetings were held the first Tuesday of every month.

The N. F. L. this year traveled to Columbus, Springfield, Cincinnati, Newport, and Covington. They have had invitations to enter tournaments all over the state.

During the year the Hamilton league played host to the Southwestern Ohio N. F. L. Tournament and to the H. C. S. L. District meet.

Future Teachers

Members of the Future Teachers Club were called upon to serve as substitute teachers, to care for children at PTA meetings, to act as aides to teachers, and to help with community projects. They gave a Christmas basket to a needy family and sponsored a school assembly on "How to Study." Each member visited one day in an elementary school and also taught some classes there. The club took a field trip to Ohio State University and sent delegates to a conference at Bowling Green.

French Club

Officers of the French Club for the year were Janet Kolde, president; James Burton, vice-president and program chairman; and Peggy Webb, secretary-treasurer.

Other members of the class served as chairmen of projects which included: Patricia Beckett, Pen Pals; Marcia Chandler, Scrapbook; Durward Caudill, Pins; Lois Riley, Display; Betty Ihle, Publicity; and Dorothy Rooke and Ann Schalk, Special Programs. The club met twice a month at which movies were shown and discussions pertaining to French life were held. Social events planned by members of the club. A Mardi Gras party in February and a picnic in May were the social events of the club.

The Hamilton High School band, though slightly smaller this year, is of the same caliber in playing and performance as every year. The band was active during football season having played for all home games, and through sponsorship of the Hamilton Boosters' Association, the boys accompanied the team to out of town games. Thanks to the Boosters also the majorettes had new uniforms which were appreciated by the public as well as the majorettes.

The band demonstrated at the Wilmington College Marching Band Festival, and culminated the year's work with the band concert, which was attended by many.

Orchestra

The orchestra is a very important part of the musical program of Hamilton High. They performed this year for different occasions—graduation, a radio program, and the operetta. The orchestra, the vital part of the musical production, have background and depth to the performance. The operetta, under the capable direction of Mr. Jack Schaff, is one of those never-to-be-forgotten memories of Hamilton High. The high-light of the orchestra's performance was in the spring when a choral and orchestral concert was presented. The aim for the future is a Christmas program combining orchestra and glee club.

Latin Club

The Latin Clubs, sponsored by Miss Gladys Ganter and Mrs. Adisa Simmons, have sought to stimulate interest by a program of varied activities, both educational and social. Last spring all the clubs pooled their talents to present an assembly program which was well received by the student body. We hope

This year the members of all the clubs assembled in an after school meeting to hear

Mrs. Stanley Harker present an informal talk about Rome and Italy. At another meeting Mr. Charles Schwing recounted his experiences in Italy. During the Christmas season Miss Ganter's clubs brought cheer to the sick and unfortunate in hospitals and the Butler County jail with their traditional caroling.

The outstanding event of the year was the trip to Cincinnati to see Judith Anderson in *Medea* mirabile visu!

Retail Selling Co-Ops

"Co-ops" are seniors who are interested in selling as a career. Two of their four daily class periods are spent in the study of retailing, and they apply the classroom theory in actual practice each afternoon at work in one of the local retail stores. Their teacher supervises the work experience as well as the classroom activities, and their employer grades their performance on the job. Classroom projects include a research problem in merchandise information, the reading of selected references in texts and trade journals. Our Retail Selling "co-ops" belong to

the state club, "Future Retailers of Ohio." The Hamilton chapter chartered a bus and attended a meeting at Columbus in November. They sold Booster Buds at football games, and sponsored the basketball programs. Profits from these money-raising activities were used to defray expenses of the chartered bus, the appreciation luncheon for employers, and to purchase special equipment, such as the recorder seen in the photograph above. The club participated in a number of assemblies and radio programs.

Spanish Clubs

The Circulo Espanol is organized primarily for the purpose of studying the life and customs of the Spanish-speaking people. Since all of the meetings are conducted in Spanish, it also gives the students a chance to speak the language.

Among the activities of the club this year, Spanish III gave a Christmas basket to a needy family. Several skits have been presented to the members and many movies have been shown.

However, the most important event of the year is the Pan-American banquet held yearly

on April 14. At this time students commemorate the friendship between the United States and Latin America.

Students of Spanish are always glad when they finally receive pins. This year was no exception. The pins are very attractive.

Spanish Club meetings are held at regular intervals in each Spanish class. At these meetings games are played, movies shown, and business discussed. Spanish Club has provided interesting intervals from class besides being educational.

History Club

The civic activities of the U. S. History Club have been carried on as usual. Contributions have again been made to the Community Chest, the Red Cross, and the March of Dimes. A substantial gift was made to the Salvation Army Building Fund and ten dollars was donated to the fund to purchase a motion picture machine for the County Infirmary. The club is once more sending a poor boy to the Y. M. C. A. summer camp for two weeks vacation. Several hundred "pretties" were shipped to Caney Creek Community Center, where they were tagged and delivered from the backs of mules, to bring Christmas joy to isolated mountain children. Caney Creek

has reported that James Stewart, the boy assisted by the club, has now received his M. D. degree. Scholarships at Lincoln Memorial University and Caney Creek have been continued.

The newly organized "Youth for United Nations" chapter is well established. Mrs. W. J. Montgomery, Dr. Kurt Lande and Mr. Wm. Taylor have addressed the group. The chapter attended the Julian Bryan lecture on Russia with delegates from Lockland and Wyoming as guests. A contribution to the United Nations Fund for the Starving Children of Europe was sent by the chapter to Lake Success.

Biology Club

Webster's dictionary defines biology as "the science which collects, studies, and explains facts about plants and animals". But this definition is not complete; it should also say, "and applies these facts to the task of improving man and his surroundings". For the study of biology does just that. A biology student in high school not only learns the names of the animal and plant phyla and their members, but what is more important, how that knowledge can help them throughout their lives. In the home it explains the whys and wherefores of many important problems which confront the housewife. During leisure time knowledge of biology can open new vistas in the world about oneself; the inhabitants of the plant and animal kingdoms are made more interesting and vital to everyday living if one knows their functions, their habits, their relationships.

The biology course at Hamlet High School is taught with the aim to make knowledge of all the living things which surround us a part of our daily life. What this work is for is already evident with a student taking a course in biology. It has been found that the study of biology is not only a science but a way of life. It is a way of life which is based on the knowledge of the living world and its importance in the student's daily life. Every year on April Day, the Biology Club plants a tree in the schoolyard. This is a way of showing the importance of trees and the importance of the study of biology. The club is a part of the biology department of Hamlet High School and is established to establish the importance of biology in the world today.

The officers of the Biology Club for the year 1948-49 are: Denny Janson, president; Ardath Stiver, vice-president; Barbara Watson, secretary; and Nancy Drake, treasurer.

The Big Blue plunged into its 1948 grid campaign with new coaches and facing the toughest schedule of any Hamilton High School football team to date.

After downing Dayton Fairview, the Blue juggernaut went on to defeat such teams as Zanesville, Chillicothe, Cincinnati Elder, Cincinnati Hughes, and Springfield.

The Big Blue met Springfield on October 22 with revenge in their eyes. For it was that Springfield team which had put the only marr on the 1947 Big Blue football record. The Blue and White met the Blue and Gold that chilly October evening before a capacity homecoming crowd. The H. H. S. gridmen gave Springfield such a humbling defeat that evening that it is doubtful whether the Reaper city will ever forget. They not only ran the score to 61-12 but the sportsmanship of the team and fans alike was superb.

After Springfield the Big Blue defeated a hapless Canton Timken aggregate 39-0 in a sea of mud. They then traveled to the River city of Portsmouth, where they played the last of the consecutive winning games, in downing the Trojans 34-12.

On the frigid fateful night of November 12 for the first time in their present campaign the Big Blue faltered. Whether it was over-confidence or an inspired Mansfield combine or both, it can never be said that they did not go down fighting. For as the final gun sounded the Blue clad was still fighting to gain a lost foothold, but the score stood 27-20 in favor of Mansfield.

However, it was but a week and a day later on a clear sunny Saturday afternoon that the Blue juggernaut met another all powerful opponent in the form of the Middletown Middies. This was the Butler bowl, the annual classic held at the end of each season between the Purple and White of Middletown High School and the Blue and White of Hamilton High School. On this particular occasion the once defeated but not broken Big Blue met the undefeated but once tied Middies. The Blue machine faltered only at the beginning, but from there on they clicked with the precision-like aggressiveness that had made them one of the top football combines in the state. When the final gun ended this long-to-be-remembered classic, Hamilton High had won 19-15.

This classic brought to a close another chapter in H. H. S. football history. With no other major team in the state of Ohio undefeated, it can now be seen why the Big Blue could lay claim to that coveted of prizes, the Football championship of the state of Ohio.

Hamilton High School's 1942 Big Blue basketball team achieved the greatest honor bestowed by the State of Ohio when they defeated Toledo Central Catholic 70-52 in March at the fairgrounds coliseum in Columbus for the school boy Championship. A long hard road of eight tournament games was traveled by the Blue in the journey to the title. Along the way the H.H.S. courtsters met and defeated such teams as Middletown 41-36, Lancaster 50-41, Niles 49-39, and the runner-up Toledo aggregation.

With a record of 25 wins against a lone losing breaking one point defeat at the hands of a keyed-up Portsmouth combine 49-48 on the latter's home court the Champs are acclaimed the greatest Big Blue basketball team of all time.

A crowd of 30,000 wildly cheering fans were on hand to pay tribute to the Blue as they returned from Columbus with the State crown. A spectacular parade with traffic stretching for miles was climaxed with an elaborate ceremony at the athletic field.

Delegations were on hand from Hamilton Catholic High School, and the Blue's arch rival Middletown High School to pay tribute to the Great Big Blue team. The words of Calvin Skillman, president of the Board of Education, expressed the sentiments of the joyous crowd as he exclaimed, "Never have so few done so much for so many." Better words could not have been chosen to express the feelings of every Hamiltonian toward the Big Blue team. Blue stalwart and All-Ohio Captain Bill Wilks then presented the permanent Championship trophy to Mr. Crewson. Flowers were presented to Coach Warren Scholler for his magnificent job of coaching the Blue to a Championship in his first year as head coach. The proceedings drew to a close as ten thousand fans joined in singing the Alma Mater to pay their respects to the builder of Champions Hamilton High School.

Thus another chapter is completed in the annals of Hamilton High School basketball.

Track

Track is everyboy's sport because there is some event suited to almost every type of build or ability. Two-hundred pounders should become good shot-putters or discus-throwers. Tall, thin boys usually dominate the hurdles and high jump. The boy with the natural speed will be best suited to the hundred or two hundred and twenty yard dash. The good gymnast is ideally suited for pole vaulting.

Training, application, and desire make a good competitor out of any normal boy. Boys with special abilities can become champions if the will to win is strong enough.

Baseball

Whether Hamilton High School furnishes major league players or not, it does contribute to a boy's learning and appreciation of America's greatest sport. The season ahead looks bright with so many of our lettermen returning and these boys will play their best to bring more fame to their alma mater.

Tennis

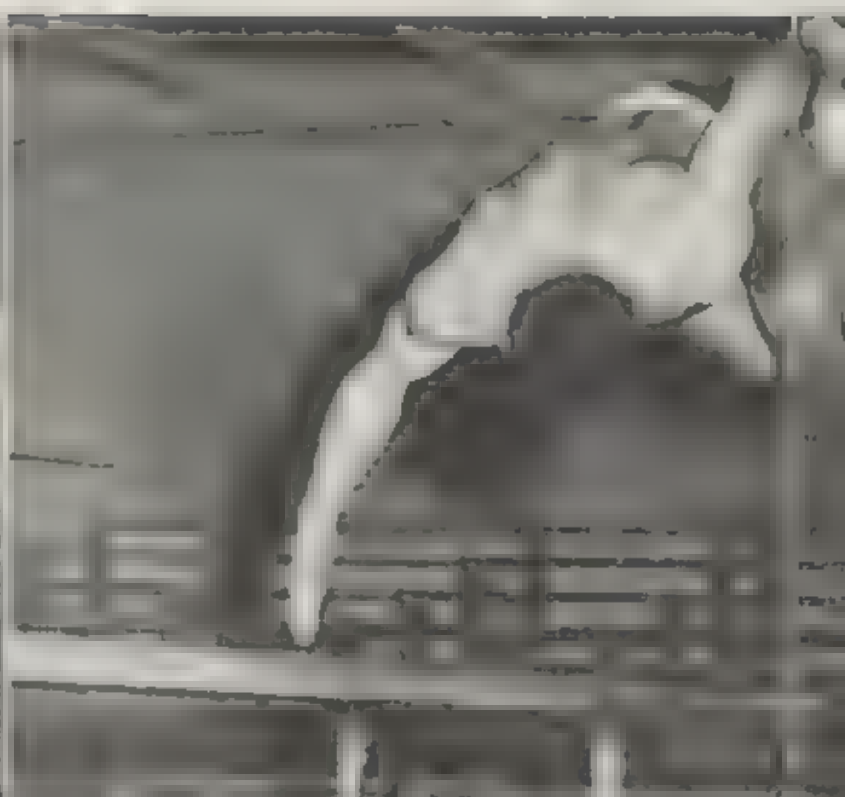

We are looking forward to a great and successful tennis season. The years '48 and '49 have been written into the annals of H. H. S. as great ones for Hamilton's athletics. From the looks of our squad, it seems that the tennis team will continue to uphold the school's fine standards and bring home the trophy.

Golf

The Big Blue golf team enjoyed the most successful season in the history of old H. H. S. under Dick Goos, their coach. They won the Cincinnati district tournament again setting a record of 292, in the G. O. L. at Springfield, and for the third time they brought home the winner's trophy from the Tri-State tournament. Then they achieved the State Championship trophy at Columbus.

Standing: Wayne Barrett, Mr. Goos, Jim Tewart.
Kneeling: Clifford Griffith, Hugh Quinn

Fourth row: George Foley, Neil Mullins, Bob Sword, Gene Betz, Benny Reece.

During the last 14 years Hamiltonians have become accustomed to their own "flip twisters" as just a top skill in a highly rated Physical Education program. In fact the "Flip Twisters" last year performed before approximately 210,000 people at the "Greatest School Show on Earth". Great appreciation of their halftime shows has been shown at State Basketball Tournaments, Education meetings, Conventions, Centennials, and for Future Teachers in teacher training institutions.

Boys' Tumbling

It is brought to our attention that the Flip Twisters are the only Athletic team members who National ratings having competed against college and private club members in the Olympic Gymnastic tryouts held by the National A. A. U. last year at Penn State.

Fred Beldon, a senior, last year after recovering from a dislocated wrist, rated 8th in the U. S. against the greatest tumblers. Dennis Harget, who has improved greatly since his competition was rated 7th. By those who went to the meet for the Olympic tryouts, it was considered the most skillful athletic meet in the world and probably the only sport where amateurs out perform the professional ranks.

Girls' Physical Education Department

The activities of the Girls' Physical Education Department are carried out chiefly through the Girls' Athletic Association.

This Association sponsors all intramural meets and tournaments, keeps a record of each member's participation and achievements, has an award system consisting of membership pins and letters, and sponsors all varsity teams.

Great enthusiasm has developed in girls' athletics since the G. A. A. was formed. A broadened program including all sports and physical activities enriches the lives and experiences of those who participate.

Top row: Joan Seaton, Vera Ziepfel, Dolores Long, Margie Gardner.

First row: Joyce Poe, Juanita Tirey, Ruth Powell, Roberta Kraft.

Left to right: Marilyn Zielman, Mary Jane Kraft, Joan Asbury, Dorothy Roike, Ruth Powell, Jo Ann Willis, Marilyn Schwartz, Carolyn Newton, Eleanor May, Dolores Lowe, Margie Gardner, Emilee McDaniels.
